

Sono serbatoi costruiti con le più moderne tecnologie per garantire la massima affidabilità e durata nel tempo ed hanno dimensioni ideali per il montaggio dietro la cabina del veicolo. Vengono verniciati con polvere epossidica grigia (RAL 7021). Sono disponibili in varie capacità e vengono forniti completi di kit di montaggio con tappo riempimento e sfiato con filtro aria sostituibile, livello olio e flangia predisposizione filtro. La gamma di accessori rende il loro impiego particolarmente flessibile.

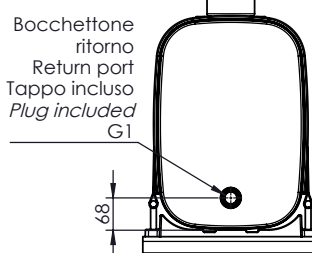

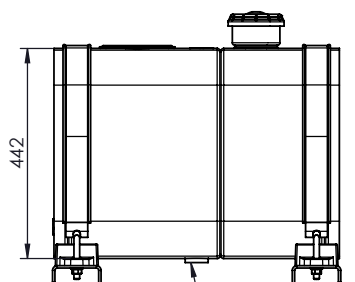

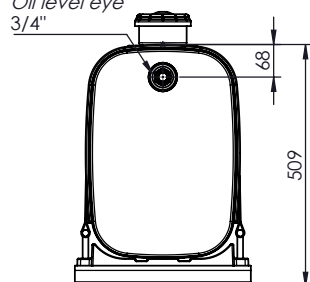

Oil tanks manufactured using the latest technologies in order to ensure the longest reliability in time. Their dimensions are suitable for the installation behind the vehicle's cabin. They are painted with grey epoxy powder (RAL 7021). They are available in different sizes and capacities, complete with mounting kit, breather and filler cap (replaceable air filter), oil level gauge and flange for filter predisposition. High versatility is granted by a wide choice of accessories available.
