Z

Tubo con guaina / Hose with sheath *

I codici con suffisso (G o V o R) sono i tubi standard rivestiti con guaina termoplastica colorata.

G= guaina nera

V= guaina verde

R= guaina rossa

Suffix codes (G or V or R) are standard coated tubes with coloured thermoplastic sheath.

G= black sheath

V= green sheath

R= red sheath

Le famiglie 156101 / 156111 / 156131 hanno il terminale femmina diritto spinato.
(in descrizione FDS - femmina diritta spinata)
The families 156101 / 156111 and 156131 have the straight straight barbed female terminal.
(in description FDS - straight female barbed)

*** TUBI CON GUAINA / * HOSES WITH SHEATH**

I codici con suffisso G (es. 15609101500G) sono i tubi standard rivestiti con guaina termoplastica.
Part numbers having suffix "G" at the end of the code refer to standard hoses covered with thermoplastic sheath.

REGOLE GENERALI

Per i tubi flessibili raccordati FC+FC (90° o 45°) è necessario: **SPECIFICARE L'ORIENTAMENTO DI UNA CURVA RISPETTO ALL'ALTRA.**

Per specificare l'orientamento di una curva rispetto all'altra, mantenere il tubo in posizione orizzontale a partire dall'occhio dell'osservatore e disporre il raccordo più lontano in posizione verticale. Misurare nella direzione delle lancette dell'orologio, l'angolo compreso tra il raccordo più vicino e la verticale definita dal raccordo opposto. È ammessa una tolleranza $\pm 3^\circ$.

Il gergo tecnico dei costruttori, che OMFB adotta, si basa sull'immagine che segue:

Se non diversamente specificato, il tubo verrà fornito secondo la configurazione a 0°.

GENERAL RULE

For hoses c/w elbow fittings (90° or 45°) it is required to **SPECIFY THE ORIENTATION OF THE FITTING COMPARED TO THE OTHER.**

To specify the the orientation of the elbow fitting compared to the other you have to place the hose in a horizontal position and measure the angle between the two fittings referring to the watch scheme, as shown in the picture below. It is allowed a tolerance of $\pm 3^\circ$.

If not differently specified, the hose is normally supplied according to configuration 0°.
