

Homologation of diesel and mixed tanks

Dear customer,

In order to improve usability and streamlined management, from 01/09/23 all the homologation certificates of diesel and mixed tanks will be downloadable directly from our website and therefore no longer attached in paper copy to the shipping documents.

In order to be able to download them, if you are not already in possession of them, we invite you to request your confidential login credentials directly from our site www.omfb.com.
