

**We are pleased to announce that OMFB has joined DHL Express Italy's DHL GoGreen Plus service.**

Our air shipments to EU and non-EU countries, now travel to more sustainable logistics through the use of Sustainable Aviation Fuel (SAF), which reduces CO<sub>2</sub>e emissions by up to 80%\* compared to traditional fuels.

The same speed of delivery as always, with greater commitment and focus for a more sustainable future!

*\* Jet fuel based on CORSIA guidelines prescribed by SBTi. SAF LCA values based on ICCT data assuming full life cycle emissions of used cooking oils and plant-derived vegetable oils.*
