Electric power take off

This silent and compact solution it's the perfect choice for a wide variety of applications on electric commercial vehicles. The innovative and fully electrified power take-off system comes as a smart plug & play one-box solution to drive equipment such as hook-lifts, skip loaders or loading cranes.

**THE ENERGY OF THE FUTURE**

**VBR DIRECTIONAL CONTROL VALVE SERIES VD12**

Solutions for compactor truck / Garbage compactor truck

**OMFB**

Solutions for Heavy Duty PTO with Double Output

and Load Crane
